WORK EXPERIENCE

BEATOVEN.AI | FRONT-END DEVELOPER INTERN

Aug 2021 - Current | Bangalore, India

<http://www.beatoven.ai/>

- I mostly worked on the beatoven website, but I also did some work on the beatoven web app by adding new features, making UI changes, and fixing bugs.
- I designed the beatoven website UI and artists portal UI from scratch. Both websites are rated with an 85 percent Lighthouse Performance Score.
- I also worked on writing end-to-end automated tests for functional testing of the beatoven web app by automating browser actions.
- I also worked with the web-audio API to implement volume dynamics functionality in the beatoven web application.

TRILUXO PRIVATE LIMITED | REACT JS DEVELOPER INTERN

Dec 2020 - Feb 2021 | Noida, India.

- Use my vast experience in front-end development to determine the structure and components of the project, making sure they are reusable.
- Keep the code quality high by reviewing code from other developers and suggesting improvements.
- I created the user management dashboard so that the administrator user could handle user data and I also worked on fixing bugs in the Triluxo user application.
